## SUPPORT FOR INCLUSIVE LEARNING

An inclusive and supportive learning environment ensures that all students, regardless of their abilities, backgrounds, or needs, have equal opportunities to learn, participate, and succeed. It embraces diversity and promotes respect, empathy, and collaboration among students and staff. Such an environment includes accessible infrastructure, adaptive learning materials, personalized academic support, and a culture that values each student's unique contributions. By removing barriers and offering necessary accommodations, institutions foster a sense of belonging and empower every learner to reach their full potential.

These facilities may include:

1. **Accessible Infrastructure:** Ramps, elevators, wide doorways, and accessible washrooms, tactile pathways to ensure easy mobility.
2. **Assistive Technology:** Screen readers, speech-to-text tools, adaptive keyboards, and other supportive devices.
3. **Support Services:** Dedicated counsellors, and scribe support during examination for visually impaired
4. **Priority Services:** Fast-tracking administrative processes or academic support like flexible deadlines or exam accommodations.
